MARKET VALUATION REPORT ANALYSIS EXPERTS

www.vehiclevalueexperts.com

When a Body Shop gets us involved in the claim thru our Analysis we show the Insurance Company that CCC ONE and/or Mitchell has used the wrong Actual Cash Value on the vehicle. Upon plugging in the correct Actual Cash Value on the vehicle less vehicles are Totaled Out and the Body Shop Repairs more vehicles.

LaCIA Announces July Meeting; Attorney General Encourages "Steered" Shops to Report Insurers

comprehensive look at the estimating and material refinish databases.

Frank LaViola, Enterprise, brings Texas specific statistics. Robert McDormand, Vehicle Value Experts brings relevant information to the processes and procedures discussion Vendor displays will be set up around the perimeter of the meeting room, joining in the discussion and allowing networking opportunities throughout the day.

This association is founded on the principles of good business for the Texas collision repair industry. In 2015, ABAT retained 10 Point Complete, a respected industry market research company to conduct its first, 'Prevailing Practices Study'. The results of this study recognized the need to continue this discussion with more research and industry training.

"We hope to bring more education to this market," said ABAT President Burl Richards, "We are excited to bring this dynamic group of speakers and vendors to talk to Texas!!!"

This Industry event is at the Historic Fort Worth Hilton in Sundance Square in downtown Fort Worth next to the stockyards. 815 Main Street, Fort Worth, Texas.
